

«SELF-LONGBOW»

SELF - BOWS

Drafted for newsgroups
alt.archery & rec.sport.archery

... according to Rob McNeur's "General Bow Construction"
in the Internet archery newsgroup FAQ (with Rob's consent)

Caution! For convenience in reading dimensions and showing proper tapering, these plans are not to scale.

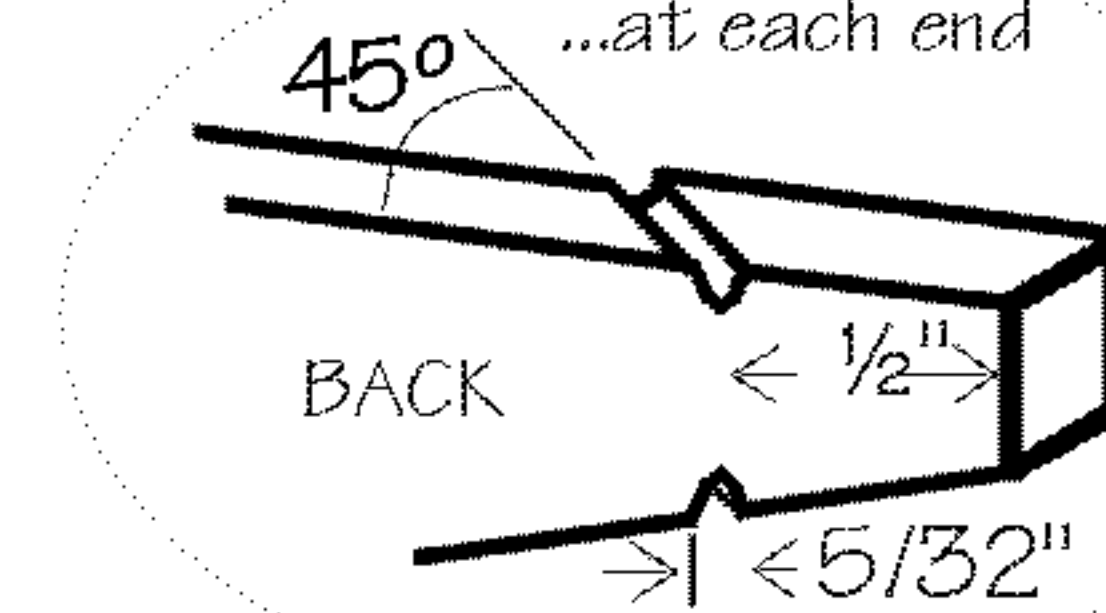

Cross-section x, y

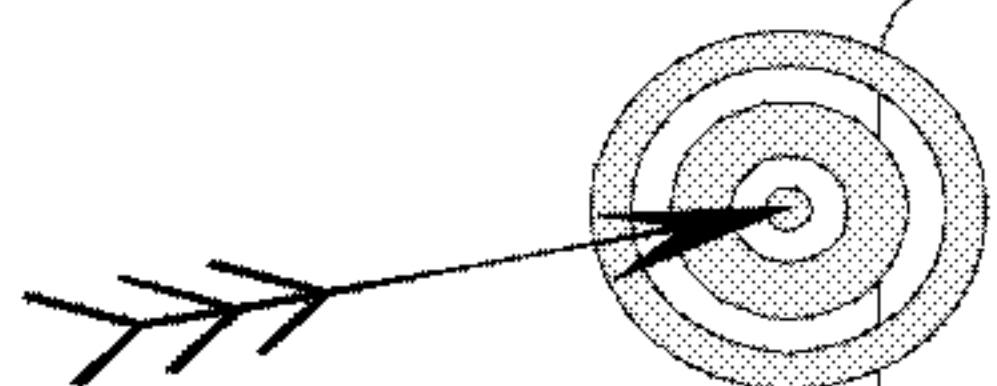

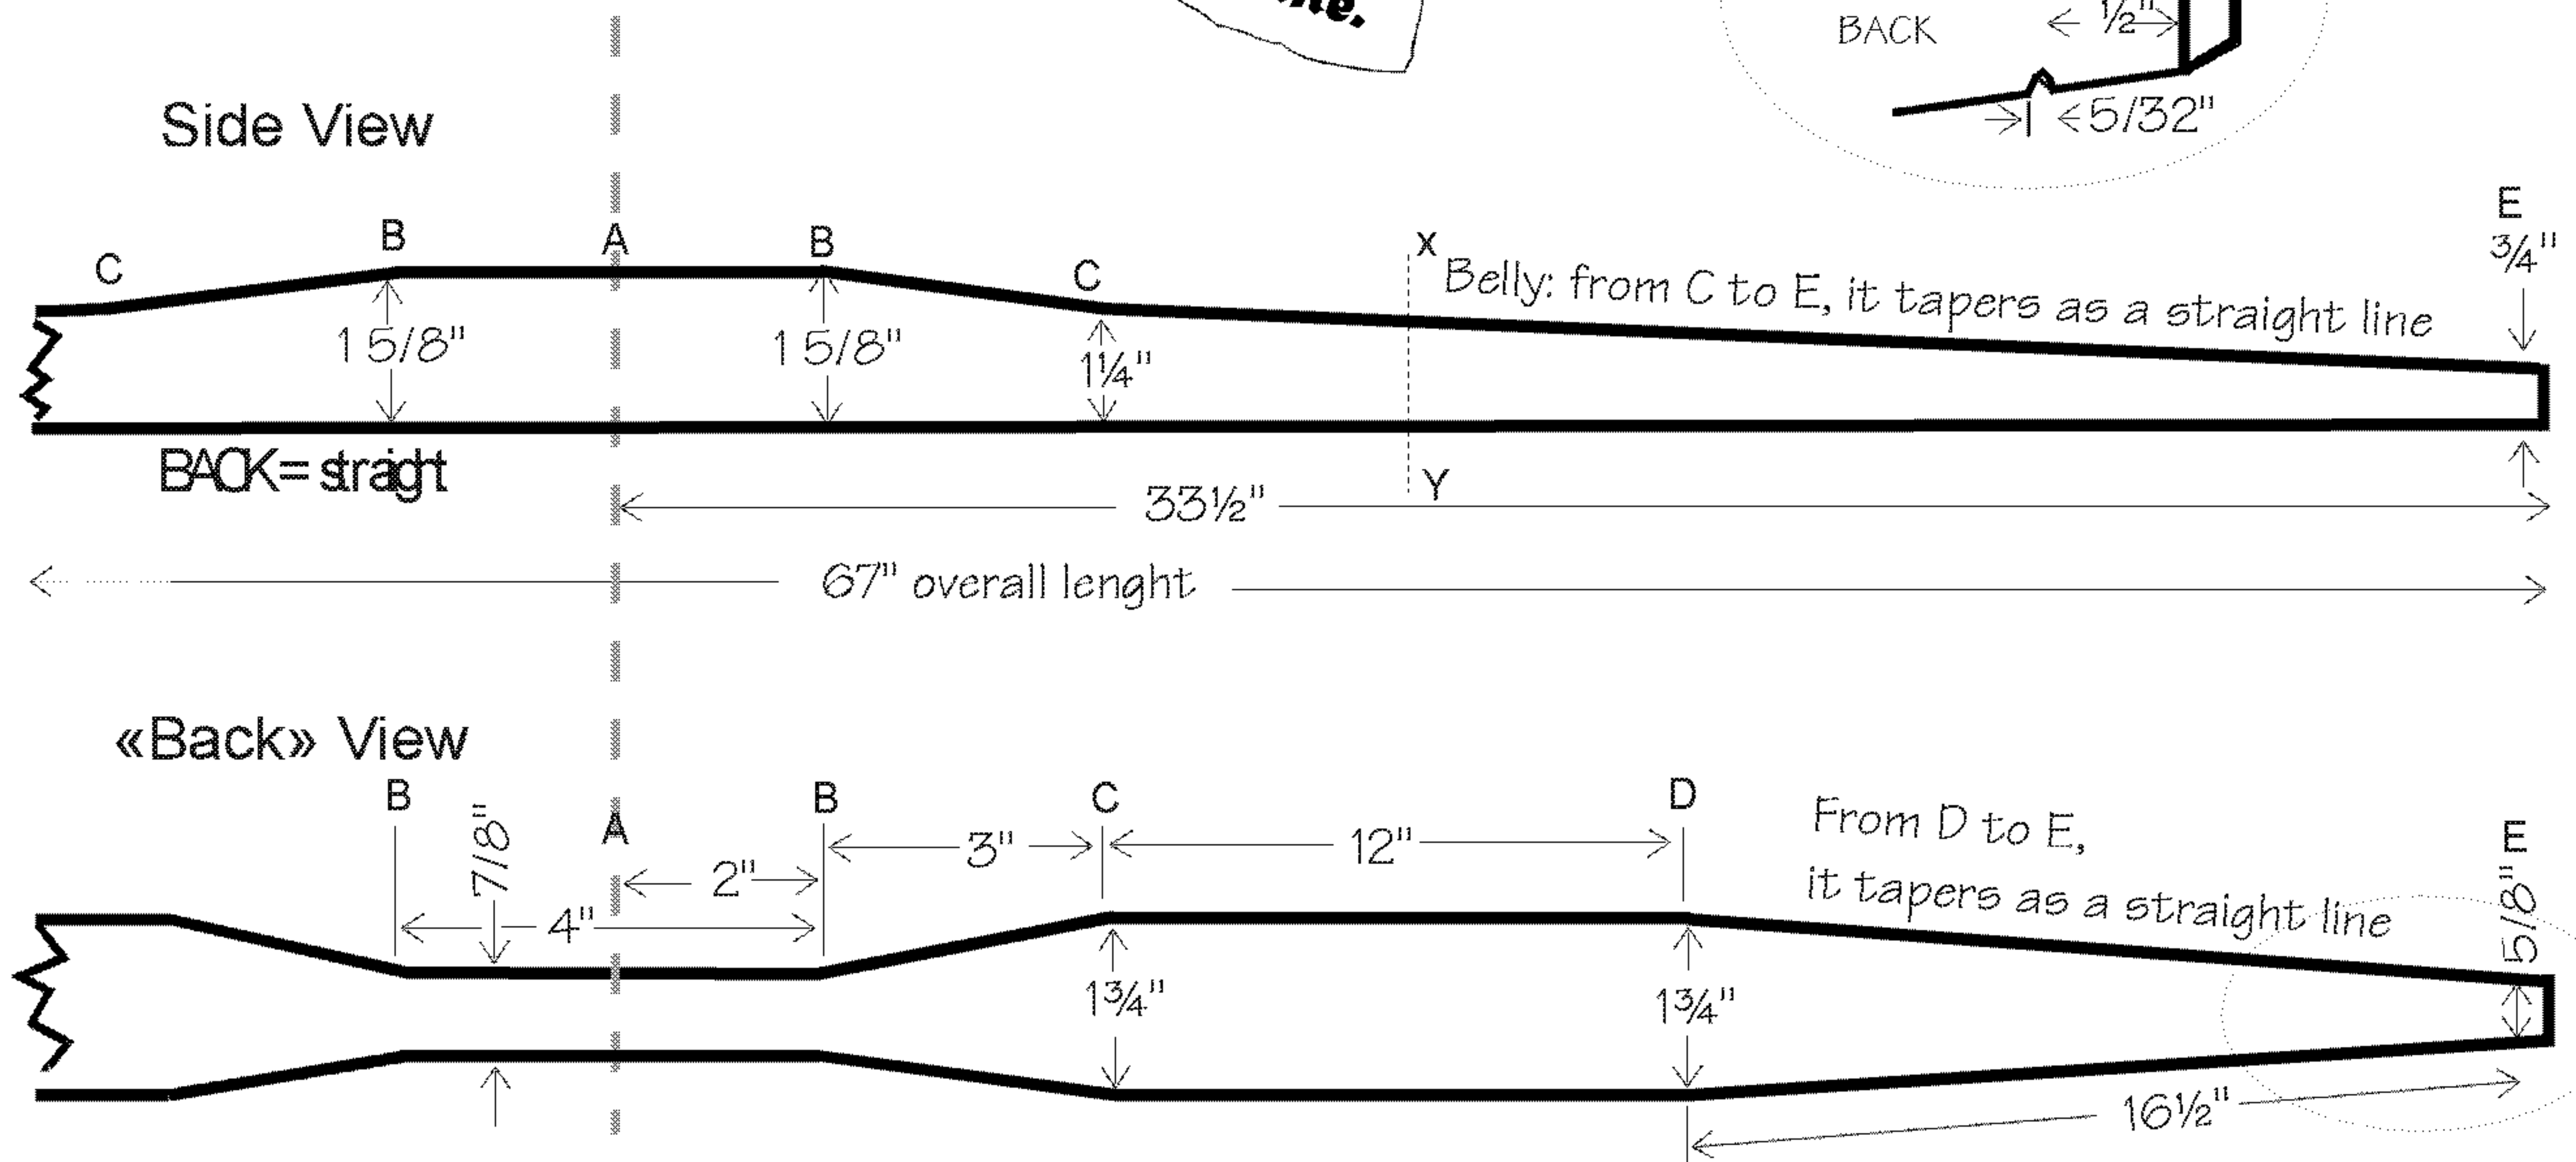

back (rather flat or slightly convex following growth rings)

"NOCKS"

...at each end

«SELF-FLATBOW»

Drawn by Jean-Pierre Gagnon
